

## A Woman's Strength

A woman's strength is like no other  
It repeatedly surpasses any brother

Her ability to withstand painful childbirth  
Demands men to respect her true value and worth

Each female possesses this mighty power  
That makes every male tremble and cower

She is an extraordinary super s-hero  
Who effortlessly excels to sixty from zero

She's successful as a corporate professional  
While also tending to business that is personal

Her culinary skills satisfy her family's palate  
As she brings home the bacon to fill her wallet

With a crying toddler bouncing on her hip  
She can simultaneously perform the executive script

Facilitating a shareholders' meeting explaining the stats  
As a mother who is adorned with an array of hats

She establishes a routine and practical policy  
To guarantee her administrative efficiency

A successful woman must master multitasking  
To fulfill the multitude of demands that people are asking

Whether interactions with family, colleagues or friends  
Mandate her to finalize and tie up any loose ends

Be assured that a woman's strength is nothing to be reckoned  
For she refuses to lose or come in second

She seeks her inner strength to rule her private democracy  
As a strategic attempt to create her own life's legacy

As the appointed and voted transformative leader  
This woman will always rank first on any gender meter
